DOCETTE

Le doccette sono piccole docce in plastica che vengono fornite con un tubo in pvc rinforzato.

Agli estremi del tubo vengono applicati degli elementi quali una ghiera ed una calotta in ottone cromato e zigrinate, due codoli e due cartelle in ottone.

Il kit completo prevede anche un supporto a muro con relativi tasselli, viti e due o-ring.

Tutti questi elementi sono realizzati con materiale di origine italiana.

SHATTAF

Shattaf are small plastic showers that are furnished with a reinforced PVC hose.

At the ends of the hose, elements such as a knurled chrome-plated brass ring and cap, two nipples, and two brass plates are applied.

The complete kit also includes a wall support with related plugs and screws and two O-rings.

All these elements are made from Italian-origin materials.
